Yesterday afternoon, Chief Clemans and Lieutenant Michaels arrested Mc-Clelland Brumfield and his companion.

Myrta Finch, who are wanted in Ironton, Ohio, on a charge of perjury. The arrests were made at the postoffice. Last week Sheriff I. R. Duval, of Ironton, communicated with Chief Clemans, instructing him to look out for the pair, who would likely call at the postoffice for a letter.

The officers were on the watch for them for several days and their vigilance was rewarded yesterday afternoon about 2 o'clock. Sheriff Duval will arrive in Wheeling to-day. **BOLD DAYLIGHT ROBBERY**

On the South Side Yesterday After How Two Smooth Individuals Secured the Contents of a Till. Two members of the light-fingered the grocary of E. H. Dowler, at the corner of Thirty-fifth and Jacob streets, and empty the till in broad

daylight, yesterday afternoon. About 2 o'clock in the afternoon a strauger came into the store and requested Mr. Dowler to show him some wash-tubs. He must have been award that they were kept in the ware-house next door above the store-room, for when Mr. Dowler went after the tub the stranger followed him. Mr. Dowler

stranger followed him. Mr. Dowler thought nothing of the occurrence until a few minutes later, having occasion to look into the cash drawer he found it depleted of its contents, about eleven dollars.

The strange man must have had a confederate walting on the outside, and when Mr. Dowler left the store, quietly slipped in and secured the money in the drawer. The authorities have been notified and are at work on the case,

BOLD ROBBERY

Perpetrated on the Ferry Boat Charon at Bellaire Yesterday Morning. Yesterday morning about 3 o'clock while the ferryboat Charon lay an-chored at the Bellaire landing, four

masked men came aboard the boat, bound the night watchman and engi neer, and blew open the safe, securing about \$100.

Frank Brouthers, the night watchman, while on guard says he was suddenly confronted by four men with revolvers in their hands and that he was biindfolded and bound. They carried him into the cabin and went to work on the safe. They placed dynamite under the safe door and blew it off. Before doing this they awakened Engineer Robert Fitch, who was asleep in the cabin, and bound him to a bench. After ransacking the safe and securing all the cash therein the burglars unbound Brouthers and compelled him to row them to Benwood, where they made their escape. While the night watchman was engaged in rowing them across the river. Engineer Fitch managed to work himself loose from the bench and immediately went to the Bellaire city hall and informed the authorities. The Benwood and Wheeling police were notified and are now working on the case. ing on the case.

"DEWEY DAY" RECORD

Of the Police Department Was Better Than Would be Expected.

The presence of so many crooks in the city for "Dewey Day" was respon-sible for several bold cases of theft, but considering the number and character of the unwelcome visitors, the police feel that the town got off com-paratively easy. There were more cases reported yesterday than occurred on the holiday, the principal one being the one in which Peter Moran was the

poor health four or five years before going. It seems that her sickness was caused and kept up by the use of coffee. When she finally discovered the real cause, she abandoned coffee, and finding Postum. Cereal Coffee in the stores, took up its use.

She says: "I commenced using it once a day for two months, then twice a day. I only weighed 80 pounds when I started, and could hardly get up and down the stairway. After leaving off coffee and beginning the use of Postum, I took up the work for eight men. I improved steadily, and in December last weighed 124 pounds, which is more than I have weighed for 20 years. My face is round and ruddy. Friends say if it was not for my gray hair I would pass for 30 very easily. There is no doubt that the words on the famous trademark, "It makes red blood," are true." the one in which Peter Moran was the victim.

Mr. Moran lives at the corner of Main and Tenth streets, where he conducts a boarding house. About 11 a. m. he was summoned to his door and was accosted by five men, who inquired as to the whereabouts of some man. Just as Mr. Moran turned to leave them, his diamend pin was snatched from his te, and in another moment the men disappeared. The loss was not reported to the police until two hours later. The pin was worth \$150.

was arrested by the local authorities Thursday. Randall, who was nabbed

After a Week's Recess the Big Damage Suit is Again Before the Legal Footlights-Mrs. Hissom, Miss Lucy Hissom and a Preacher on the Stand.

The Hissom case was reopened in the crcuit court yesterday, Judge / Hervey on the bench, after a week's recess. Three witnesses were examined and their testimony was chiefly in corrobtheir testimony was chiefly in corrob-oration of the main points set forth previously. The crowd of spentators was very slim and whether because of too much "Dewey Day" or because lit-tle that was new was brought out, there was little interest dis-played, Mrs. Hissom, mother of the plaintiff, Dr. S., K. Hissom, and wife of

the defendant, J. R. Hissom, went on the stand in the afternson and remained until court adjourned for the day.

Lucy Hisson, the fourteen-year-old daughter of the defendant, a girl of

Lucy Hissom, the fourteen-year-old daughter of the defendant, a girl of prepossessing Cappearance, was the first witness. She rapeated the accounts of violent conduct by the doctor, enumerating the 5threats to kill her father, and the principal disturbance at the home of her sister. Mrs. Hubbard, was related about the same as had been described by previous witnesses.

Ret. John Stevens, who lives near Clarington, told of a conversation with the plaintiff, when the latter was at the Ohlo county fall, in which he said he hoped to have his father sign an agreement not to disinherit him.

Mrs. Hissom stoutly maintained that she thought her son insane after his return from Germany, and that she considered her his return from Hermany, and that she thought her son learn him say last winter that "he would kill father" as to hear him ask for his meals, and he said once that he hoped he would be considered insane, because if he killed his father he would be sent to an asylum and later released. The witness described in detail the more important instances of the young man's violence, motably at the Hubbard home. Mrs. Hissom said her young man's violence, motably at the Hubbard home. Mrs. Hissom said her howband. Regarding the investigation as to whether she had been engaged to Leonard Eskey, of Huntington, previous to marrying Mr. Hissom, she said she had requested her husband to institute an investigation, and that Detective McNichol was to have been employed, but that later she and her husband decided to let the matter drop.

Mrs. Hissom will likely be recalled to-day. When his disguise was removed Chler. Clemans recognized the prisoner as the man wanted by the Huatington folice for over, a year. He is charged with entering a Pullman palace car in that city on November 3, 1888, and stealing a valise containing valuable papers belonging to the Pullman company, and for over a year a search has been kept up. Descriptive circulars were sent all over the country, and the one retained at the Wheeling office came in handy. Randall's home is claimed to be at Dayton, but little is known of him His trial will occur at Huntington. Louis Catilla, which proved to be the ame of the stranger who shot Officer Sam Wells in the hand, while resisting Sam Weils in the hand, while resisting arrest at the Terminal depot on "Dewey Day," was tried on the charge of assault and battery by Squire Rogers yesterday and fined \$25 and costs. In default of payment he was committed to fail. He is a foreigner and is supposed to hall from Dillonvale. Another charge may be preferred against him by Officer Wells. An East Liverpool man reported to the police yesterday that he had been relieved of a valuable diamond pin while in the crowd at the Metropolitan Athletic Club's boxing entertainment Thursday night. A description of the pin was given, but there is no clue to the pin-snatcher.
